

The Last Word

1955

[illegible]

Remember the water guns and all the fun we had with them on the train and in school. Think of all the fun we had on the day we graduated. Don't forget our mutual friends, either. Let's hope we'll meet again some day. We've had many arguments, but I think I have learned a lot from you. I do know what a straw ride will be a good way we surprised you! Don't forget all those parties and the work in sports and our school will come out on top! Don't cut off your cute pig tails. I really like them and gave some to the girls who like them, too. Remember all the times we looked for people, down in classes, between at lunch, and (this is the end at least) at lunch. Call me. Especially if you're in a field event. Remember all the times we looked for people, down in classes, between at lunch, and (this is the end at least) at lunch.

FOREWORD

To begin with, it was not all book learning. The load of books we toted from class to class and from period to period was sometimes put aside for practical endeavors. And who could wish for a more noble precedent than that set by the class of 1954 when, under the leadership of their adviser, Miss Louise A. Weagley, they brought the "New Look" to the school environs—a lasting tribute to their honorary president, Robert (Hank) Comer.

A Challenge to the "Class of 1955"

I direct your thoughts to the "Ladder of St. Augustine," sometimes referred to as "The Ladder of Personality."

"I Am. I Know. I Can. I Ought. I Will."

"I Am" . . . consciousness

"I Know" . . . intellect

"I Can" . . . the will

"I Ought" . . . the moral sense

"I Will" . . . decision of character

St. Augustine climbed this ladder of personality. So may you . . .
So may I!

THE NINTH GRADE AT WORK

The cold statistics as to number and weight of books to be toted by a freshman could never tell the complete story. The ninth grader has a very full day. He spends two hours in core—English and so-

cial studies, that is—and one hour in math. He divides his remaining 3 hours among a variety of special subjects such as shop, home economics, music, and art.

AND AT PLAY

If it's one of those lucky days, he may go through his regular 6 period schedule and find that a bonus 7th period has been created to make possible some added pleasures. This may take the form of a

class party in the gym, an intramural sports event, or any one of a number of special assemblies held throughout the course of the school year.

20 years

Probably the most delightful task of the Executive Committee, under the supervision of Mrs. Ruth Swank, was the planning of the social activities of the sophomore class. We had a high old time on occasion, particularly the afternoon of the class party. We "Honored our partners" until our joints creaked and Mr. James Grove, our caller, got a "frog" in his throat. Incidentally, that's a microphone he's chewing, not an apple. Then we settled back to enjoy the floor show. Luckily, we were able to enjoy our refreshments the same day—poor, poor freshmen.

WE WERE
GAY ON
MANY
OCCASIONS

BUT OH! THE WORK!

We thought the freshman year was tough but . . . more things pile up than just the books. How long does it take to dissect a frog and how many frogs does it take to supply all the students in 10th grade biology? Who tied my arm in a sling and can I practice putting a tourniquet around

your neck? Who put pepper in the test soil and garlic in the milk? Yes, we learned much that wasn't in the book but the book had its place. Did you ever count the important dates in just one world history book or the number of practice problems in one math text?

The "Class of '56" . . . 341 strong . . . cumulative book load . . . 39 pounds, 10/8 ounces . . . subjects—English, U. S. EXECUTIVE COMMITTEE

WE WORKED

On that book report for English . . . at the typewriter . . . with welding torch and lathe . . . over those endless series of tests . . . in math class . . . with needle and thread.

WORKED

At the typewriter again . . . exploring our American heritage . . . over the drafting board . . . in the physics lab . . . at the regular meetings of the F.F.A. . . . with crayon and charcoal.

WORKED

Yes, we continued to work period after period and day after day. We had discovered long ago that more books does mean more work and that

the material becomes increasingly difficult. You work on one sentence for fifteen minutes and then discover you really don't understand it at all. You study your assignment faithfully and then can't answer a single question the next day. You bake a cake and it looks like a pancake. You can't remember if its H_2SO_4 or H_4S_2 . . . by the way, which is right?

LET DOWN SOME!

Oh happy day when we could park those books in our lockers and enjoy a period or two away from it all. We jammed the gym for an occa-

sional basketball game and cheered the team on to . . . whatever the final score was. Do you remember what it was? Sometimes we got off to an early start and managed to work in an intramural game before school. This new schedule caused us to find time for a lot of things that had kept us away from our books on previous occasions.

AND THEN "GOOFED OFF"

But we really didn't "Goof Off." We just had fun. Highlights of our extracurricular program were the annual class party and the Junior Prom. We remember how Mr. James Fraser put us through the intricate movements of the "waltz"

in slow motion and the dreamy solo as sung by Grace Rice. And who among us will forget the Christmas Party complete with snow, ice, wintry gusts, and Connie Butler to warm our spirits.

The "Class of '55" . . . 281 strong . . . cumulative book load . . . 59 pounds $2\frac{3}{4}$ ounces . . . subjects—English, P.O.D., Physics, Biology, Mathematics, French, Latin, Home Economics, Industrial Arts, Agriculture, Business Law, Bookkeeping, Typing, Stenography, Office Practice, Physical Education, Art, Music, Dramatics, and Journalism.

SENIOR EXECUTIVE COMMITTEE

Key group in the organization of the program of the Senior Class is the Senior Executive Committee. This group is made up of two members from each senior homeroom. Under the direction of Miss Louise Weagley, adviser, the Executive Committee formulates plans for our three annual dances; the Holly Hop, Sock Hop, and the Senior Prom. They also plan and carry out the sale of announcements, name cards, and the class pennant. Towards the close of the school year their energies are concentrated on the Senior Class play, senior day, the baccalaureate service, and finally the graduation exercises.

HONOR SOCIETY

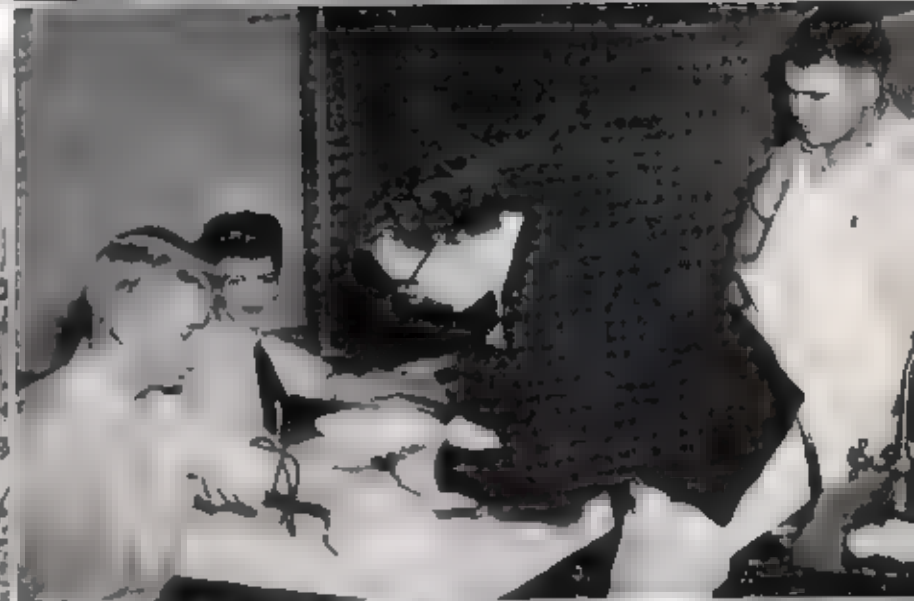

Membership in this organization represents the highest honor which a member of the student body can attain. Candidates are judged on the basis of citizenship, scholarship, leadership, and service. Election to this society takes place near the end of the school year and the sixteen members pictured below were all elected to this honor at the close of their Junior year. Officers are Janet Day, President; Judy Ports, Vice-President; Patricia Lescaleet, Secretary; and Frederick Burrier, Treasurer.

Miss Louise Weagley, Charles Boyles, Russell Tyeryer, Patricia Brande, Frederick Burrier, Dennis Shafer, Evelyn Fogle, Howard Stiles, Charles Grabbill, Nancy Droneburg, Alverda Grimes, Nelda Shuff, Barbara Putman, Janet Day, Mary Ann Hoff, David Brenneman, and James Shafer.

Charles Lease, James Harper, Patricia Hahn, Roger Denney, Nelda Shuff, Evelyn Fogle, Liza Toft, Dorothy Ramsburg, Judy Ports, Carol Holzapfel, James Lightner, Janet Day, Patricia Brande, Patricia Lescaleet, Frederick Burrier, and Barbara Derr.

All of the years of study and work come to full fruit'on in this, the senior year. We take our book learning in stride by now and go on to round out the day in a multitude of varied projects and activities. We go through the process of having our blood typed and some of us swoon at the sight of blood flowing freely. But we recover and go on to a fuller understanding of what makes this old body tick. We reap the honors of years of conscient'ous labor. Four of us, Jack Brunk, Liza

Taft, James Harper, and Pat Heston are elected to membership in the National Quill and Scroll society for our accomplishments in the field of school journalism. We go through weeks of testing to determine our intelligence quotient, our level of achievement and our vocational aptitude. We assemble together to listen to words of advice and wisdom and to accept the challenge of the age in which we live.

ACTIVE IN SCHOOL

We d'splay our biology exhibits in the school li-
brary. We settle many pressing problems in
P.O.D. discussions. We line up to shake the prin-

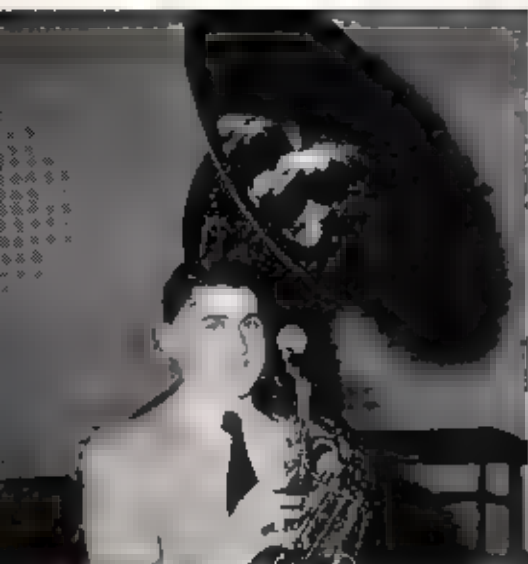

cipal's hand and claim our letter awards. We meet
in special groups and clubs such as the F.F.A.,
when the opportunity is afforded. We have our
lungs checked and go on using them as lust'ly as
ever. We record our voices for posterity and take
the stitch "in time that saves nine."

ACTIVE AT PLAY

The three hours under the soft lights is but a fraction of the time that it takes to do a senior dance justice. The work of planning starts weeks

in advance, to be followed by hours of decorating to create the atmosphere that has come to be an integral part of a senior dance. The scenes from the Senior Holly Hop are visual proof of how seriously we take our social affairs.

The High Flier Staff consists of thirty-two members, including the editors, and is sponsored by Miss Dorothy E. Beachley. This journalistic group puts out the school paper eight times a year, supported financially by the school dues and advertising. The High Flier Staff is certainly one of the most active organizations of the school as it is always busy acquiring information for its next edition.

The organization belongs to National

Columbia and Maryland Scholastic Press Associations, and has named several students to the **Quill and Scroll** Honor Society. Present members of this society are James Harper and Patricia Heston. In the year 1953-54, it was named a "first class" newspaper of its kind.

The **LAST WORD** would like to congratulate this staff for its outstanding work in producing such a fine newspaper this year.

The **LAST WORD** has been published by a staff of thirty-eight from the ninth, tenth, eleventh, and twelfth grade students who have chosen journalism as a subject. The staff wrote all the writeups, made up lists of classes and identified all the photographs that are found in this book. The staff has worked very hard during the regular period as well as other periods to make this one of the best annuals ever published at Frederick High School. This

book is one of the few annuals which have individual pictures of every student in the school. The job of taking and identifying these pictures took time and work. Much was done by Mr. Fleagle who had to take and develop over 1,000 individual photographs.

For the first time in the history of the **LAST WORD** two of the editors, Jack Brunk and Liza Taft, are members of the **Quill and Scroll**.

STUDENT COUNCIL

OFFICERS

ROGER DENNEY President
 PETER FAHRNEY Vice-President

The Student Council, known in other years as the "League," is one of the most active student organizations in the school. The Council has for its chief objective the steady improvement of all aspects of student life and the promotion of friendly and harmonious teamwork between faculty and students. Under the sponsorship of Mr. Robert Ferguson, this year's Council carried out a full and varied program. It sponsored the "Get Acquainted Week" at the opening of the school year, a faculty-student picnic, Homecoming Dance, Basketball Dance, a talent exchange pro-

gram with Lincoln High School, Student Council member exchange with Westminster and Hagerstown High Schools, Clean-up-day, a concert by the Army Ground Forces Band, the Antrim Bureau assemblies, a weekly radio broadcast, a publicity program in cooperation with the Frederick News-Post, a welfare drive for funds, the purchase of records for the sound system, the repair and maintenance of the sound system, the improvement of the lighting of the auditorium, and the conduct of the Honors and Awards assembly.

FUTURE NURSES OF AMERICA

The Future Nurses of America, under the supervision of Miss Mary Rhoads, is primarily for the purpose of encouraging capable students to enter the nursing profession. It is composed of twelfth, eleventh, and tenth grade girls. The aim of the club is to acquaint girls with the nursing vocation. The club meets approximately four times a year. They take field trips to the County Health Department and the Frederick Memorial Hospital. They also attend lectures and hear reports from school nurses and student nurses.

FUTURE TEACHERS OF AMERICA

This is one of the largest extra-curricular activities in Frederick High School. The members of this organization are informed of both the advantages and disadvantages of teaching as a profession. This year, to climax the celebration of their tenth anniversary, the members staged a very successful spring rally. They also launched a series of service projects such as the giving of baskets to the needy and the visiting of convalescent homes during the Christmas season. Miss Mary Rhoads serves as faculty adviser.

FUTURE HOMEMAKERS OF AMERICA

The purpose of this organization is to aid the girls of today to be better homemakers of tomorrow. Its activities center around those of home economics and community life. The program includes such experiences as field trips, lectures and demonstrations on various types of fabrics, and an annual style show for the girls of the entire school. Mrs. Grace Englebrecht and Mrs. Dorothy Ranck serve as faculty advisers.

LIBRARY CLUB

The Library Club meets during the third period of the first and third Wednesday of each month. Members of the club repair books, file cards, return books to their places on shelves, and sign out books. This group, under the direction of Miss Julia Etchison is active on the state level and participates in several conferences for student librarians. The principal meeting attended this year was the state meeting at Northwestern High, Hyattsville.

The Hi-Y is a boys club affiliated with both the school and the Y.M.C.A. Its main purpose is to create, maintain, and extend high standards of Christian character. Under the guidance of Mr. Donald Koons, adviser, the Hi-Y club has undertaken various projects to benefit both the Y.M.C.A. and the school. Members have attended several conferences throughout the year, chief among them being the model legislature at Annapolis.

TRI HI-Y

Sponsored jointly by the high school and Y.M.C.A., this group of twenty-seven girls serve under the worthy objective of creating, maintaining, and extending through home, school, and community, the highest standards of Christian Character. Under the supervision of Miss Maxine Elliott, the TRI-HI-Y sponsored numerous social activities during the course of the year and, like the Hi-Y, attended the conference at Annapolis.

DRAMATICS

The dramatics classes, under the direction of Mrs. Anna Mae Hughes, have added much to the enrichment of school life. Its members have shared in experiences ranging from arena staging to the happy experience of watching the great actress Katherine Cornell, in Christopher Fry's play, *The Dark Is Light Enough*. They have increased their facility for acting by participating in pantomimes, by delivering monologues and by performing numerous exercises in voice control. Their program of study has also included such diversified matters as staging, lighting, make-up, advertising, and the preparation of posters. In addition, they have gained much practical experience in such related fields as the business details of a ticket sales campaign and the training of a group of highly accomplished ushers.

The phase of work done by the dramatics classes best known to the student body in general is undoubtedly the dramatic presentations which are the center of many delightful assembly programs. None of us will soon forget the superb acting that characterized their first major production this year, *Growing Pains*. Second only to the quality of acting, was the masterful staging of the play. Equally well done were the Thanksgiving and Christmas plays. To round out their series of public performances the dramatics classes presented a series of three one-act plays sponsored on a school talent show and played no small part in the success of the annual Senior Class play.

BANK

The school bank is one of the best known organizations of the school. Under the direction of Mr. James Milton, it serves the entire student body and is one of the busiest places in the building in the minutes just before the work of the day gets under way. The bank performs the varied functions of selling school supplies, paying school bills, selling tickets to all school functions, and serving as a depository for all school accounts.

They are selected for this job on the basis of their mathematical ability, character, and general dependability.

FREDERICK HIGH BAND

The Frederick High School Band, one of the major musical organizations in our school, is headed by Mr. Sperry L. Storm. The band is composed of students interested in playing musical instruments. The band plays for basketball games and adds much color by performing at the football games.

Among the numerous band activities this year were the Frederick Kiddies' Day Parade and the AAA Parade in Washington, D. C. The band also attended the University of Maryland Band Day.

The officers for this year were: President, Frederick Burrier; Vice-President, Eugene Kemp; Secretary, Janet Day; Treasurer, Howard Boyer, and Drum Major, Peter Fahrney.

DRUM AND BUGLE CORPS

The Drum and Bugle Corps is under the supervision of Mr. Sperry Storm. It has 37 members that meet to play march songs. The aim of the Drum and Bugle Corps is to learn all the rudiments in percussion instruments. The officers are Robert Loun, President; Robert Blumenauer, Vice-President; Thomas Jones, Secretary; Patricia Pilson, Assistant Secretary; Richard Keeney, Treasurer; Robert Keeney, Assistant Treasurer; Arbor Smith and Harley E. Staley, Drum Majors.

Mr. Storm also supervises the F.H.S. Dance Band. They practice every Monday evening and learn the latest popular music. The band plays for school dances and parties.

GLEE CLUB

OFFICERS

BARBARA DERR	President
MARY EDITH LEASE	Vice-President
JENNY BEATTY	Secretary
EUGENE KEMP	Treasurer

Another of the special subjects offered at Frederick High School comes under the name of the Glee Club. This club, under the direction of Mr. Heisley B. Corum, meets every day, instead of twice a week as it did last year. The new schedule enables the hundred members from all four grades to accomplish more singing. They practice a variety of songs, both new and old, such as folk songs, popular songs, and religious numbers. Students on the third floor realize how beautiful these songs sound when they travel through the hall.

Last June the freshmen were given a chance to try out for the Glee Club. Mr. Corum went to several schools for the tryouts. As the number was limited, only the best voices could be chosen for the group. Although the previous members were not required to try out again, other upperclassmen who wished to join were selected the same way as the incoming class.

These boys and girls sing for the pleasure of everyone as well as for themselves. The group is very well liked and their services are always wanted for all occasions. Being community minded, the Glee Club assisted the F.T.A. when they sang at Montevue and Frederick Memorial Hospital. At school the club has sung at the Christmas and Easter assemblies where they offered seasonal numbers, both religious and popular.

Early last fall a group of Juniors and Seniors traveled to Baltimore to participate in the All State Chorus, which performed at the Annual Teachers meeting. Another group entertained at a Farm Bureau meeting.

Their biggest annual project is the Spring Concert, which is presented by the Glee Club and the Band. This concert usually includes classical, religious, semi-popular, popular, and novelty numbers. They also participate in the annual County High School Glee Club Concert. The "All County Chorus" also has members from F.H.S.

The Glee Club also provides music for the Baccalaureate Service. Without a doubt the Glee Club is not only one of the school's most important and busiest organizations but it is also one of the most popular and well liked.

CHEERLEADERS

The cheerleaders at Frederick High, under the instruction of Mr. James Fraser, have contributed greatly to the athletic events of the year. They have aided in the maintaining of school spirit of fans and team members alike. This year's squad is headed by Connie Butler, assisted by Tamara Graves. Other members are Evelyn Frye, Marie McCracken, Gail Runkles, Barbara Smith Doris Crothers, JoAnne Pryor, and Betty Warrenfeltz.

MAJORETTES

The majorettes this year were divided into three groups to provide color for the Senior Band, the Junior Band, and the Drum Corps. Head majorette for the Senior Band was Darlene Masser while Loretta Cook led the Junior Band. The Drum Corps had the combined services of Pat Pilon and Yvonne Bear. In addition to their many appearances in parades, we all remember their special number, "Shake, Rattle, and Roll," which was featured at the basketball games.

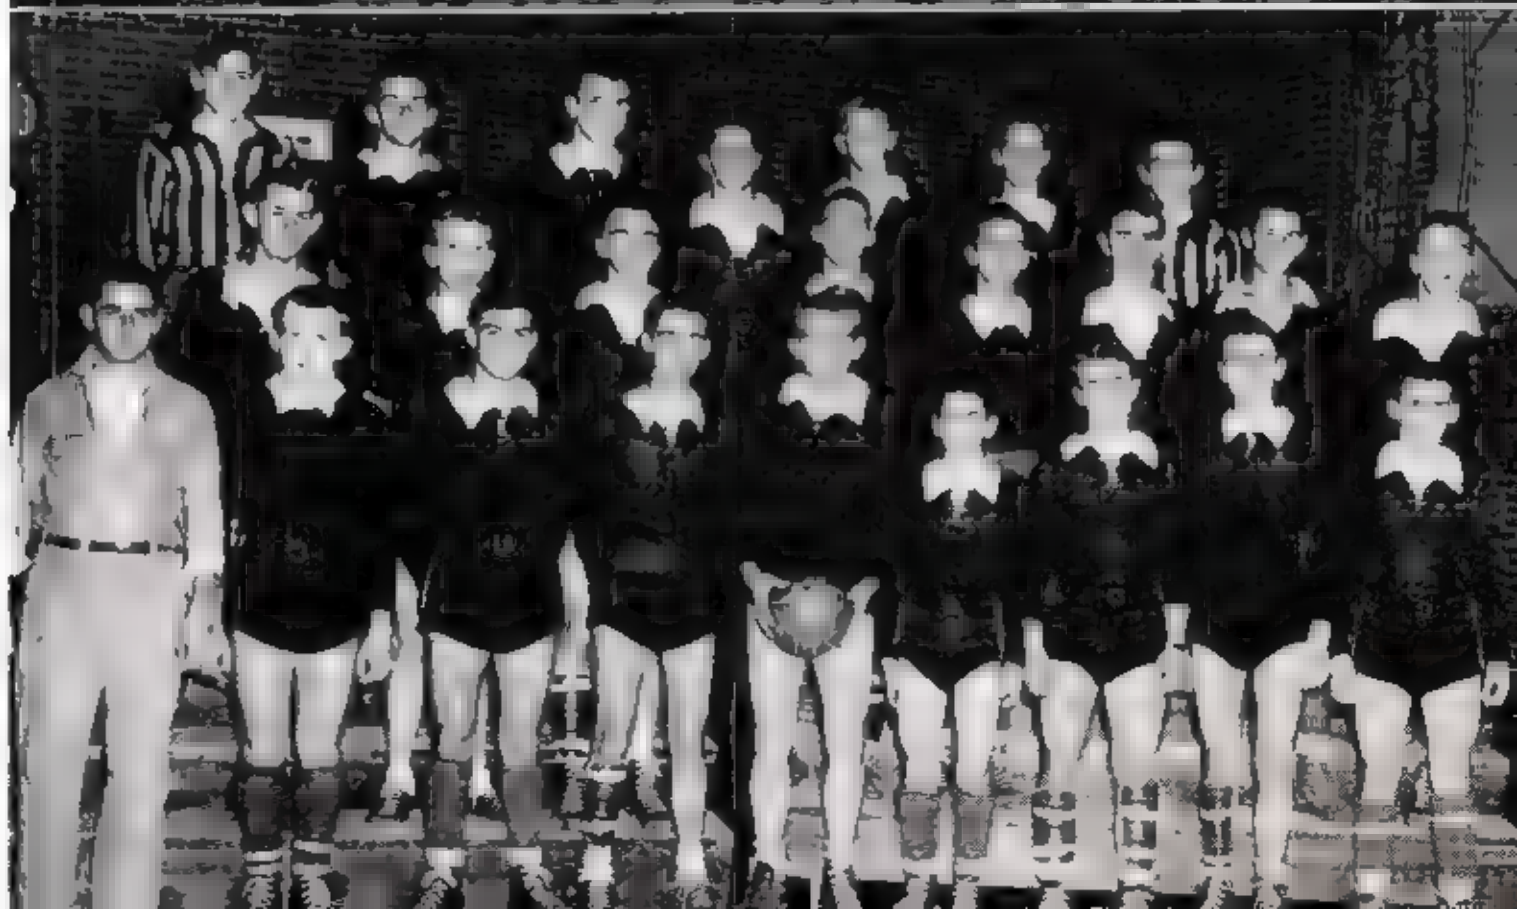

SOCCER

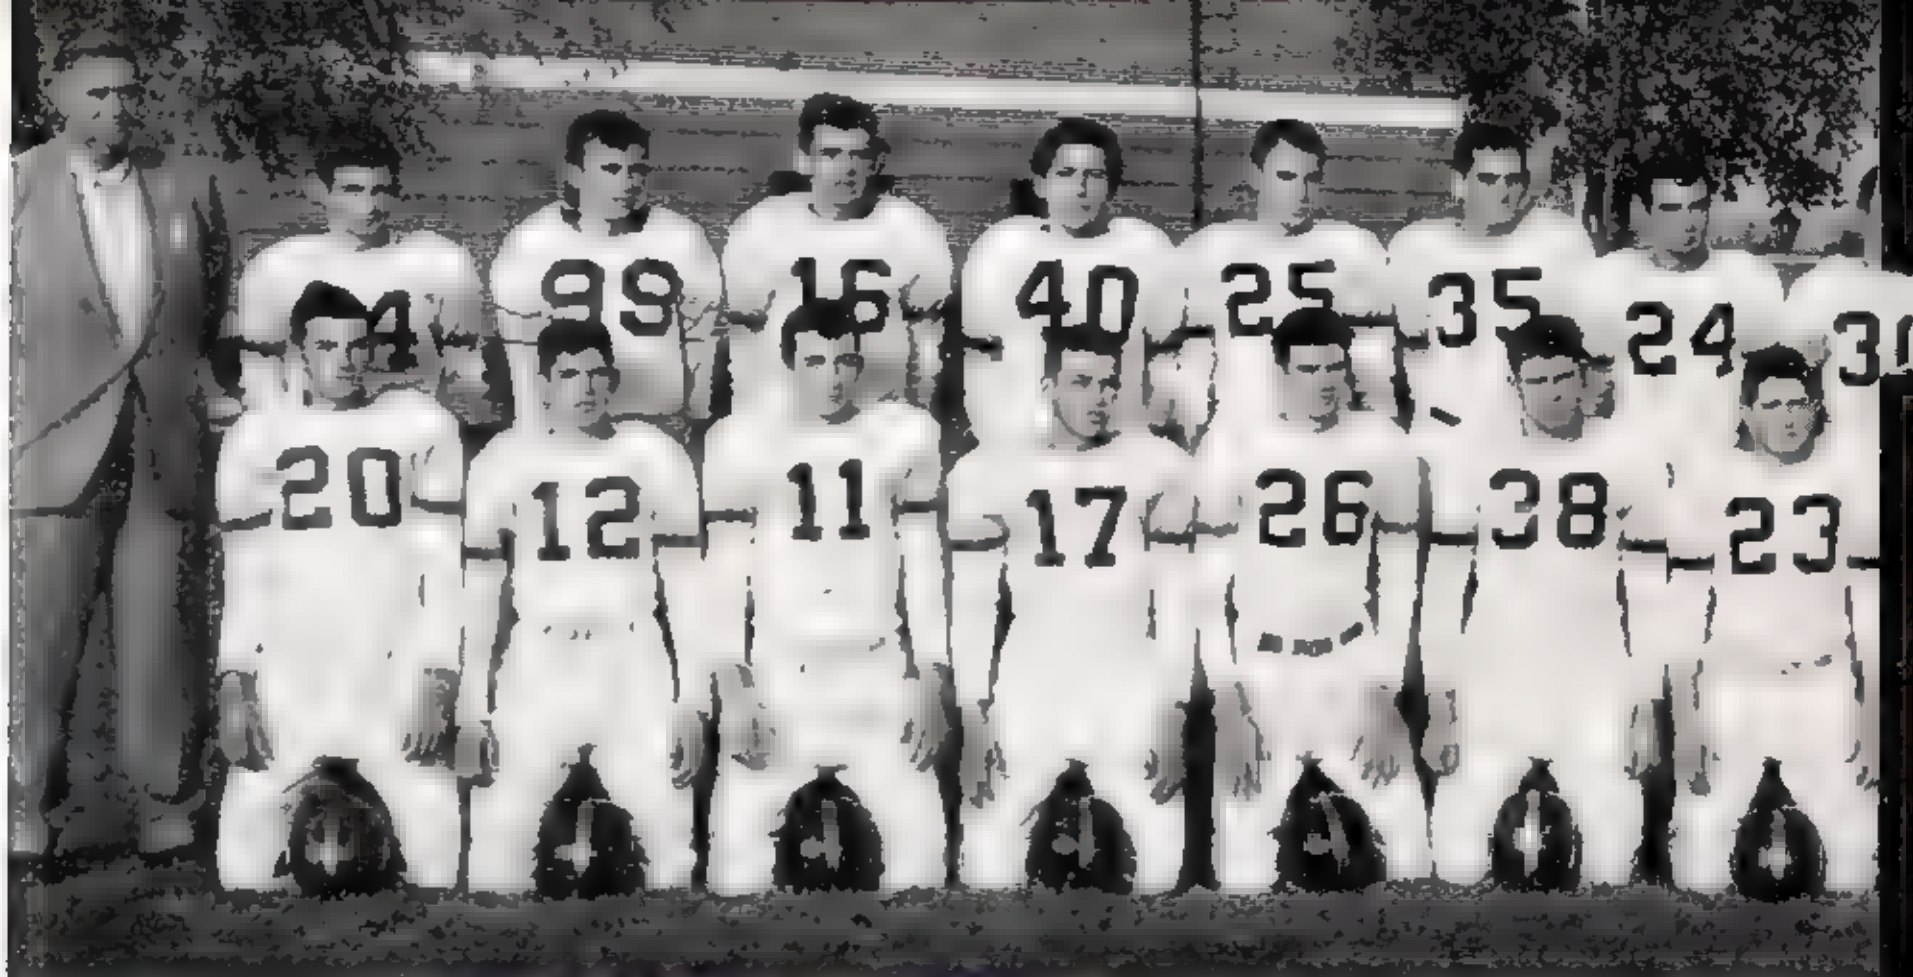

Although not as spectacular as some other sports, soccer is one that is immensely popular with the student body. What person is there among us who does not look forward to a pleasant afternoon away from books and under a crisp Autumnal sky? Most of us remember those moments with pleasure even though we have forgotten the exact outcome of the various games. But just for the record, we won two games and we lost five. We had twenty-six players on the squad and every one of them gave freely of his time after school to practice and train to be eligible for the team. The squad was coached by Mr. James Zimmerman and Nat Williams served as student manager.

TRACK

The 1955 track team, expertly coached by Mr. James Fraser, participated in five invitational meets. The first of these was against the top rated Handley High School. Others in order of their scheduling were St. James, Westminster, Fort Hill, and Bethesda Chevy Chase. Featured in the field events were Hahn, Boyles, Gearinger, Fender, Shank, Covell, Beldon, and Luhn. Specializing in relays and dashes were Way, Moss, Kira-kofe, Littleton, Lacey, Grove, Brown, and Schmidt. Mr. Fraser, in an exclusive interview, expressed the fond hope that facilities might be provided in the nature of a first class track so that in future years home fans might have the thrill of watching our track squad perform in the same way in which they are now doing as visitors to other field meets.

To my first love

FOOTBALL

Striving hard for a winnig season, under the direction of Gene Hummel and Homer Brooks, the Frederick High School Football Cadets could gain only three wins while losing six. The Cadets handed defeat to Woodward Prep, Wheaton and Annapolis at their home field. The defeats

came at the hands of Gaithersburg, Bel Air, Bethesda Chevy Chase, Rockville, Montgomery Blair and by our staunch rivals, the Hagerstown Hubs. In the nine contests this season the Cadet eleven rolled up 76 points to the opponents 195 points.

There was plenty to cheer about when Coach Homer Brooks' "Cadets" took the floor this year. Our varsity had its most successful season in the history of the school, compiling a 16-2 record for the season. This included a 25-point victory over the arch rival, Hagerstown. The "Cadets" were favored to win the district crown but a "fired up" Hagerstown team managed to take it away from us and go on to state championship play. Seniors playing their last season were Ed Godsey, Chuck Boyles, and Stick Gearing.

The county varsity entered into competition with the teams of the other high schools in the county as well as some of the smaller high schools in neighboring counties. The over-all record shows a total of eleven wins as against eight losses for the season. Regulars in the starting lineup were Ralph Merchant, James Mills, Donald Dixon, Buddy Weddle, and Larry Phebus. Other members of the squad were Thomas Littleton, Gary Lacey, Frederick Bussard, and Richard Morgan.

COUNTY VARSITY

Under the coaching of Miss Fern Rice, the county varsity team played a heavy schedule against the teams of every other high school in the county. All games were scheduled during school time and all classes were fortunate enough to be able to see at least one such game under the activity card program. The team was made up largely of Sophomores and Juniors and was managed by Sara Geisbert and Wilhelma Boone.

VARSITY BASKETBALL

The varsity team, coached by Mrs. Shirley Derrenbacher, was made up chiefly of junior and senior girls. Limited to two evenings practice per week, the varsity got off to a slow start against strong competition. The over-all record for the season shows a total of five wins as against three losses. Student managers were Sara Ramsberg and Jean Keyser.

BOYS' INTRAMURAL COUNCIL

This group is responsible for organizing the intramural sports program and officiating at all such functions. They also are in charge of the maintenance of the baseball diamond and the marking of the playing fields for all athletic events. Coached by Mr. James Zimmerman, they contribute materially to the success of the athletic program.

GIRLS' INTRAMURAL COUNCIL

Conducted as a regular class by Mrs. Helma Bowers, this organization studies the rules governing girls' games. Particular emphasis is placed upon basketball but the program includes fieldball, softball, hockey, and volley ball as well. Jeannette Rhoderick served as student manager of the council.

BASEBALL

This year, as in the past, Frederick High fielded a fine baseball team. Returning lettermen on this year's squad were infielders Les Delauter, Robert Sushman, and Larry Phebus. Catchers Eddie Garrett and Bud die Weddle, and pitchers Paul Zimmerman, Carroll

Kehne, and Bill Fuqua were also on hand. The schedule consisted of 15 games with many of our regular opponents such as Gaithersburg, Rockville, Hagerstown, Williamsport, Wheaton, and Montgomery Blair.

Howdy there stranger!

I hope that we get together next year. You've
really been a faithful friend and you will
always be a great pal of mine. May you
always accomplish everything that you
endure. If you ever need any help, call
on me. I would be delighted to do the
least little thing for you.

I hope that one of these days Jackie
will wake up (or grow up) and finally
see the girl sitting in front of him
in Geometry class. I hope it isn't
too late then! Good luck with him.

Good luck in your career as
a High Sch. Teacher. I know you'll make
it with "flying colours".

Best of luck in the future! All

I now say is I hope we are together
next year.

Love ya!
Patti

P.S. All Jones I want ^{her} to sign my yearbook.
